**Nance Wright : Cc Books Ident.pg 1st Ed (Confident Collector Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cc Books Ident.pg 1st Ed (Confident Collector Series):

Nice Try, Nice Price, but too incompleteBy A CustomerI realize that Wright had to be choosy when listing books and prices, but this book falls short of basic standards. I give it 3 stars for being a decent value, but the book leaves out so many essential listings that it is hardly worth buying. Furthermore,

Wright fails to include critical information necessary to identifying certain first editions, such as key errors or markings. She leaves out key authors like Elmore Leonard and Shirley Jackson, and the credibility of this book is thus questionable. Nevertheless, it is far less expensive than other similar titles.
