**Russell Lewis : Classic Fishing Lures: Identification and Price Guide** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Classic Fishing Lures: Identification and Price Guide:

0 of 0 people found the following review helpful. Made My Dad Happy/Makes Me Happy By Mary Eve Bought this for my dad who is a big collector of antique fishing lures. He needed some books to help determine collectible items and prices. Turns out, the books are just as collectible. He loves the book and Russell Lewis is an expert author and a fine collector himself. Outstanding addition to my dad's hobby and collection. 6 of 6 people found the following review helpful. Great vintage lure reference By L. Hunter As a newbie to fishing lure collecting, I reference this book more than any other. With so many types of lures, color variations, hardware variations, conditions, etc., it would take a four thousand page book to cover it all. It seems the price estimates in the book run a little high on average, but that may just be a result of it being written during before our Great Recession. Organization of the lures seems a bit scatter shot too, but easy enough to sort through. My advice would be to purchase a few books but this one should be in your

arsenal. Great pictures and history. Even covers lesser known brands and identity.0 of 0 people found the following review helpful. You'll never own that Heddon 150, so stop staringBy ShineIf you like staring at old lures for hours on end, as I do, pick up this book. You can't ever own enough, ya know...and it's keeping you off the streets.

Fishing lure collectors are sure to find a treasure in this guide, filled with 2,000 full-color photos of the most popular collectible lures of all time, company histories of the six most popular lure manufactures in North America, and current collector pricing for each listed lure.
