These is an inexpensive book of stickers with some random travel posters. They're not the most colorful/interesting ones but I like them and think they are worth the price.0 of 0 people found the following review helpful. Nice TouchBy 1PrettySmileThese stickers added a nice touch to a travel-themed notebook

that I created. The booklet was smaller than I expected, but the stickers are nice. 4 of 8 people found the following review helpful. this isn't all what i expected!! By sandybeach I ordered these, like others, to put on some luggage. I read the size, thinking that EACH one would be that size! There are 4 stickers to a page, what good is that? They are really small and why would you want 4 together? This was very deceiving and then they tell me I can't return them or exchange them with another item. Only replace them. I don't want the first set. Don't buy these unless you want stickers that are 1 1/2 inches by 2 1/4! That's how small they are! Useless!!!

Classic travel posters in miniature depict the fabulous ocean liners, luxurious express trains, and sunny resorts that lured travelers before the jet-set years to faraway places and international glamour spots.
