David Serpell : Collecting Carlton Ware: A Collectors Handbook (Carlton Ware Collectors Handbook) before purchasing it in order to gage whether or not it would be worth my time, and all praised Collecting Carlton Ware: A Collectors Handbook (Carlton Ware Collectors Handbook):

0 of 0 people found the following review helpful. A must for serious collectorsBy John ClaytonAn interesting book, providing a good history and clear delination of the major designs from Carlton Ware. greatly helped me get a handle on the style history

This third edition of the best-selling handbook for Carlton Ware collectors is sure to fulfill the demand for up-to-date information on the popular pottery. Complete with a history of Carlton Ware, this book explores how the products changed with the company and provides vital information collectors need to make secure purchases. Included inside is a section on building a collection, with tips on spotting reproductions and counterfeits, and advice on what to purchase. Collectors will also find information on how to date Carlton Ware, and learn to identify pieces with the convenient pattern list. Over 280 full-color photographs display the diversity and beauty of the most popular Carlton Ware collectible pieces and sets, and include pattern number and current market value in British Pounds and U.S. Dollars.
