Frederick Wilkinson : Collecting military antiques before purchasing it in order to gage whether or not it would be worth my time, and all praised Collecting military antiques:

1 of 1 people found the following review helpful. Has lots of variety of militaria.By M S SELIGMANI research antiques for our store and a lot of sources refer to Wilkinson as the premier authority. I can see why. His book has been a big help to me.

A good source of collecting information. Some of the chapters are: Uniforms; Helmets and Headdress; Badges; Medals and Decorations; Books and Ephemera and much more.
