Carole Bess White : Collector's Guide to Made in Japan Ceramics before purchasing it in order to gage whether or not it would be worth my time, and all praised Collector's Guide to Made in Japan Ceramics:

0 of 0 people found the following review helpful. Five StarsBy J. MarshallTimely delivery, product as described -- very satisfied11 of 11 people found the following review helpful. Too Little InformationBy A CustomerI purchased this book for the sole purpose of "Marks" identification. Sure there are pictures of marks, but none are identified. When I did a search to find books with oriental markings, this book was suggested. I was very disappointed ... pictures are great ... values appear too high. Enough said.1 of 1 people found the following review helpful. exactly as depictedBy GenevieveI have a vase and before I gave it away I wanted to make sure it was not valuable. Since it was not in the book I expect it has no significant value. In short the book gave me the information needed through omission.

Finally there is a value guide devoted to the thousands of items 'Made in Japan.' Over 600 beautiful color photos

together with a special section on marks and backstamps aid the collector in identifying and dating his collection. Special focus is given to the many styles, different glazes, as well as care and cleaning tips. This long-awaited guide will delight collectors everywhere. 1999 values. **AUTHORBIO:** Carole White is the author of a four-volume series on Made in Japan Ceramics. She also wrote Collector's Guide to Lunchboxes and Glass Ceramic Baskets. **REVIEW:** This book is easy to use and includes many items that have never before been seen in print. More than 1,200 color photographs make this an invaluable reference to Shawnee Pottery.
