The new 2006 "Collectors' Coins Great Britain" contains, like its predecessors, a complete list of British non gold coins (1797 - 2005) with their varieties listed, values in up to five states of preservation and yearly mintage numbers. For the first time, this edition also includes a wealth of information about the designers of each coin, as well as extra information on the sizes and weights of the coins. The whole book has also been given a stiffer cover with better quality pages and print.

About the AuthorChris Perkins has been a coin dealer specialising in British Coins for a number of years. His main business is Predecimal.com where he sells a range of British coins and accessories for collectors. He exhibits at some major coin fairs and is also involved with BBC 3CR radio as the coin expert on the monthly coin related phone-in.
