Randall B. Monsen : Collectors' Compendium of Roseville Pottery and Price Guide, Vol. 2: Baneda, Cremona, Ferella, Laurel, Montacello, Wincraft before purchasing it in order to gage whether or not it would be worth my time, and all praised Collectors' Compendium of Roseville Pottery and Price Guide, Vol. 2: Baneda, Cremona, Ferella, Laurel, Montacello, Wincraft:

0 of 0 people found the following review helpful. Recommend for novice and expert Roseville collectorBy Kim O'HairThough limited to a few of Roseville Pottery 's numerous lines of pottery, the book provides an in-depth

discussion of these 6 lines. Thorough, with many stories and anecdotes regarding the artists and owners, the marvelous and wonderful potteries presented will appeal to the novice and expert collector. The pottery lines not discussed are presented in other volumes of this book series. Recommend for anyone interested in American Art Pottery.0 of 0 people found the following review helpful. Luscious photographs!By grannie annieAn essential reference as you learn about this extremely popular line of art pottery.0 of 1 people found the following review helpful. Pictures worth a thousand wordsBy A CustomerNo matter if you have hundreds of pieces or just one beloved piece of Grandma's Roseville pottery-- this book is worth it-just for the quality of the pictures! The narrative regarding the factory and individual artists is good, too!!
