But still a lot of good useful information for those who are just learning about Matryoshka (nesting dolls.) There are newer and better books out there.4 of 4 people found the following review helpful. Nesting Doll ReviewBy Shirley NelsonThis book is very nice for finding out more about nesting dolls and values. It is an older book, so you have to consider the values from a later time, but it does give good information about what to look for, and it's obvious which ones are collectible.2 of 2 people found the following review helpful. DisappointedBy Ellen D. SternMost of the photos are grey and white. There are Very few color pictures.This makes the dolls difficult to recognize..
