John Ogle : Colt Memorabilia Price Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Colt Memorabilia Price Guide:

1 of 1 people found the following review helpful. Colt Memorabilia Price Guide By Jeffrey Peterson If you are a collector of Colt products then this book is a must. There is a lot of counterfeit stuff floating around and being sold. This book will help you identify original Colt products and will also give you pretty good idea what the going prices are. Don't get ripped off any more. This is a great book to own. 0 of 1 people found the following review helpful. guide to colt memorabilia By PAUL DAUGHERTY the book was just as advertised. It has a lot of good information in it, just not much of what i was hoping for.

Colt collectors will love this first-time ever compilation of non-gun Colt merchandise produced by Sam Colt's companies, and other companies using the Colt name. More than 1,500 color photos and prices help collectors identify

a wide range of objects from knives to glassware.
