Tom Engle, Richard E. Gilbert, Cooksey Shugart : Complete Price Guide to Watches 2011 before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete Price Guide to Watches 2011:

0 of 0 people found the following review helpful. Waste of Money !By ekazanovaVery weak book. I tried to look up 5-6 common name brand watches and did not find a single one listed. Will make a good coaster for my coffee table.4 of 4 people found the following review helpful. beginner watch collectorBy new on the blockFor the beginner this is a very good guide. I know that some makes of watches are not covered but all the top brands are there.I am still reading

up on new questions all the time. I collect pocket watches, but there is also a large section on wrist watches. So far I have found some good deals by using this book's price and condition guide. I'm sure if you are just starting out as a collector you will find this a perfect tool. 3 of 3 people found the following review helpful. Pocket Watches By Jason Eric It's a very nice book since I am a big watch collector. Since I am just a collector, not a watch or jewelry seller it's still a little confusing. I plan on bringing it into a jewelry store where they can help me understand it more. I really bought it for the Hamilton pocket watches since I have two. So if you understand the book it will be great for you, but it can also be great if you don't. All you have to do is take it to a jewelry dealer and they can probably help you understand and make the book more valuable to you.

The most reliable and convenient guide to watches available, the Complete Price Guide To Watches is a mini encyclopedia with over 10,000 watches priced and over 8,000 images provided for education and identification. This book is the definitive guide for all levels of watch education and collection. From the amateur collector to the most prestigious auction houses, the Complete Price Guide To Watches has something for everyone. Every year there are thousands of price changes and this year is no exception. The Complete Price Guide To Watches contains the most up to date information on American and European pocket watches and wrist watches, Comic and Character watches including pricing, identification information, tips, history, terminology and the annual market report. This book provides not only accurate pricing information on a plethora of watches, but also provides historical information on a myriad of watchmakers, including birth and death dates, company histories, movement identification, serial numbers, grade numbers, production dates and quantities. The guide also has dedicated illustrated entries on how a watch works, watch parts nomenclature, the individual parts of a watch movement, how to properly open a pocket watch case and care for your watch, Railroad watch dials, cases and adjustments, how to determine the age and manufacturer of a watch and how watches are appraised. All of this information is accented by antique illustrations salvaged and lovingly reproduced from long lost watch catalogs, advertisements and brochures. It is because of this attention to detail that the Complete Price Guide To Watches has attained its near legendary status as the only true Bible of watch prices, history and education currently in print. There is no other book on watches this thorough on the market today. Before you buy or sell any wrist or pocket watch, be sure to buy the Complete Price Guide To Watches.
