Lyngerda Kelley : Costume Jewelry: The Great Pretenders before purchasing it in order to gage whether or not it would be worth my time, and all praised Costume Jewelry: The Great Pretenders:

1 of 1 people found the following review helpful. Useful But Not My First Go To Reference GuideBy justanordinarygyrII own a lot of books on this subject- this one is not my first or even second go to book- not particularly fun to read- as others are. With that said, it is a good reference guide and has a place in my library and use.0 of 0 people found the following review helpful. Four StarsBy BarbaraNice photographs6 of 6 people found the following review helpful. A good general overview and price guideBy S. ShereshGiven the endless variety of costume jewelry, choosing which pieces to include in a reference book must be an overwhelming task. While not an encyclopedic reference, for its 150+ pages "The Great Pretenders" provides a good, basic overview. There is an adequate sample of just about every type of popular costume jewelry. The pieces are well photographed and realistically valued. If you need a basic costume jewelry reference for buying and selling, this is a worthwhile book to

own.

Here is a beautiful publication of factual information and 1043 color illustrated examples of highly popular styles. Important and prolific designers of costume jewelry, including Chanel, Schiaparelli, Boucher, Miriam Haskell, Monet, Sarah Coventry, and many more are well represented. Current prices are included to aid the collector. This will be a most useful reference for collector and dealers, and the current value ranges will aid and inform all.
