By KTAMAZING!!!! so much info on the major players, the minor players, and even a "roll-call" in the back for the characters you might not remember. Makes following the time line a bit easier. Great book. 4 of 4 people found the following review helpful. Outstanding DC encyclopedia By Paul Trapp Best DC encyclopedia of all time that's out there right now! It's like Marvel's latest encyclopedia too which I thought was neat! I'm a DC fanatic expert but still had to get this! Also a Marvel fan expert too and I recommend getting their encyclopedia too! Outstanding DC encyclopedia! Thank you so much DC! 0 of 0 people found the following review helpful. We are learning a lot about DC comics characters and figuring out who we want to learn more about. By Laura This is great for the whole family to learn about all of the DC Comics. My son has lots of questions about good guys or the bad guys and Mom was having a difficult time answering them. I purchased the encyclopedia so that we could learn together. I have learned a lot about who is a friend and who is a foe. My 4 year

old is in love with this encyclopedia and we are looking at this one and the Marvel one on a regular basis.
