Stephen Pope, Elizabeth-Anne Wheal : Dictionary of the First World War (Pen and Sword Military Classics)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Dictionary of the First World War (Pen and Sword Military Classics):

1 of 1 people found the following review helpful. Super reference book - conciseBy EWSuper reference book - concise, yet very complete. Well written entires - a must for every reference shelf of people interested in the First

World War I of 0 people found the following review helpful. Five Stars By Donald Wilson Great resource 1 of 1 people found the following review helpful. Great content! By Joel Archer My review is simple-the content of the book is excellent but the font is so small that I can hardly read it, even with my glasses-but the price was excellent- Joel Archer

This comprehensive dictionary of one of the world's greatest conflicts contains over 1,200 entries, combining facts, narrative and analysis, and covers all aspects of history's first global conflict such as :- *Actions from Achi Baba to the Zeebrugge raid, from the Falkland Islands to the Masurian lakes. *Campaigns from the Arab Revolt to Verdun, from East Africa to East Prussia. *Theaters of war from the Baltic to the Balkans, from Africa to the Arctic. *Fighters and commanders from Abdullah ibn Hussein to Sergeant York via Pershing, Pilsudski and Petain. *Forces from the Romanian Navy to the Royal Flying Corps. *Weapons and equipment from balloons and bayonets to Battleships and Big Bertha. *Tactics and strategies from submarine warfare to sniping, from the Schlieffen Plan to strategic bombing, breakthrough and blockade. *Politics and diplomacy from Wilhelm II to Woodrow Wilson, from the July Crisis to Versailles. *Home Fronts from the Armenian massacres to the Amiens Dispatch, from Albania to Australia, from women to war socialism.

From Library Journal Pope and Wheal (The Dictionary of the Second World War, LJ 9/15/90) use facts, narrative, and analysis in over 1200 dictionary entries to cover all areas of World War I. The entries range in length from single-sentence definitions to several pages and present a comprehensive picture of the global aspect of the conflict. Their volume represents all nations. The entries are extensively cross referenced, moving the reader from a general entry, i.e., "trench warfare," to a more specific one, i.e., "breakthrough tactics," to a more specialized entry, i.e., "four-minute men." This cross referencing accounts for the big-picture view of this conflict. Cross references are noted in capital letters. All manner of weapons, tactics, and strategies are discussed here, as well as commanders from every level of organization. The chronology is useful for quick reference. Readers needing a more comprehensive work should turn to Randal Gray's two-volume Chronicle of the First World War (Facts on File, 1990, 1991). The current book is recommended for general and informed readers. David Lee Poremba, Detroit P.L. Copyright 1995 Reed Business Information, Inc. About the Author Elizabeth-Anne Wheal and Stephen Pope were history scholars at Cambridge and Oxford respectively, and have compiled a number of major reference works including The Dictionary of the Second World War.
