Bill Jenks, Jerry Luna : Early American Pattern Glass 1850-1910: Major Collectible Table Settings With Prices
before purchasing it in order to gage whether or not it would be worth my time, and all praised Early American Pattern Glass 1850-1910: Major Collectible Table Settings With Prices:

1 of 1 people found the following review helpful. Good informationBy Glenn A. MurphyI don't know what Book the person read that said the book had no pictures. I think they confused the book with another one, that does just have line drawings. I found information in this book that I have found in no other and I have a library full of early American pattern glass books. The book was written in 1990, so it is in black and white. There are not the colored pages that several have today.0 of 0 people found the following review helpful. The book was in great condition but of course the prices are outdatedBy Dorothy M. KeddingonThe book was in great condition but of course the prices are outdated. I expected that. Unfortunately, some of the pictures were fuzzy and the patterns weren't easily identifiable.0 of 0 people found the following review helpful. Five StarsBy gvGave the details that I needed
