Tom Tierney : Fashion Model Paper Doll (Dover Paper Dolls) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fashion Model Paper Doll (Dover Paper Dolls):

Legs (and wigs) that don't stopBy ChrijeffMost of Tom Tierney's modern-day paper dolls are dressed in clothes not too different from anything you might see on the street. This one, being a high-fashion model, is a bit more extreme (Tierney began his career as a fashion artist, back before all fashion illustrations were photographic); when you look at the doll itself, you wonder if anyone ever really has legs that long. And her outfits are, of course, designed to impress, not necessarily to be practical. There's street wear, casual clothes, outfits for "at-home entertaining," and what we used to call "formals," topped off (literally) with an assortment of sometimes flamboyant wigs. Tierney clearly had a lot of fun designing these outfits, not having to stay within the boundaries of

some other fashion or movie-costume designer, and for that alone, this book should be in your doll collection.

Long-legged beauty with 25 chic outfits: above-the-knee suits and daytime dresses; luxurious capes, shawls and furs; tiered evening gowns and dramatic sheaths, plus extensive selection of glamorous wigs. Collection also includes 3 male figures, clothed in attire suitable for formal and casual occasions.
