From Brand: Checkerbee Pub : Fifty State Quarters Handbook and Coin Album (Collector's Value Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fifty State Quarters Handbook and Coin Album (Collector's Value Guide):

17 of 19 people found the following review helpful. Misleading Description By W. Young After reading all of the opinions concerning this book, I thought I was receiving a collector's item for which I could store my state quarters. However, I was extremely shocked and disappointed when I received this book and found no coin holders. My main reason for purchasing the book was for the coin holders. I would have thought there was a mistake in shipping had I not received 2 from 2 different companies with the same missing item.
