Internationally acclaimed combat shooting instructor Gabe Suarez shows why intense interactive training with replica firearms against live human adversaries under real-world conditions is essential to the complete development of the gunfighter. In addition, he tells you how to implement it, presenting specific drills and scenarios and addressing role-playing, levels of simulation, ranges of conflict, use of cover and low-light considerations, as well as addressing safety issues and equipment concerns.

About the AuthorGabe Suarez is a veteran of Southern California law enforcement, where he has served for many years. His extensive field experience includes single officer patrol, gang enforcement, special operations and tactical training. He was one of the founding memb
