Georgia O'Keeffe by Georgia O'Keeffe - I love itBy Paula HammonI have wanted to purchase this book since visiting Georgia's Abiquiu home and studio. The book was exactly as described - in very good condition. There is a very small tear in the dust jacket, but otherwise it is in perfect condition. I know it is out of print so I was so glad to find it on . I wanted this book because it is written by Georgia herself and she wanted to tell her stories about her art and not leave it to others' speculations. I have already started reading it and will enjoy having this book in my library for years to come,0 of 0 people found the following review helpful. Four StarsBy CustomerVery nice. I was a bit disappointed in the painting choices, but overall, it's a nice set.0 of 0 people found the following review helpful. Five StarsBy susan beckerWonderful book...with great reproductions
